REPORT OF F. W. HANCOCK

Secretary-Treasurer North Carolina Board of Pharmacy

OXFORD, N. C., June 1, 1920.

To His Excellency,
THOMAS WALTER BICKETT, *Governor,*
Raleigh, N. C.

Sir:

I have the honor to submit to your Excellency and to the North Carolina Pharmaceutical Association in compliance with Section 19 of the North Carolina Pharmacy Law, a report of the proceedings of the North Carolina Board of Pharmacy for the year ending May 31, 1920.

The ninety-second (92) meeting of the Board was held at Raleigh, June 12 and 13, 1919, with all the members present.

Only nine (9) candidates appeared for examination. The following five (5) were successful:

Buffaloe, John Mack, Raleigh.
Bobbitt, Adolphus Bracy, Macon.
Lowery, Walter Arlington, Raynham.
Nye, George Lannean, Orrum.
Wheeler, Cyrus Rankin, Whitsitt.

The following three (3), having passed on the other branches, took only the practical work to effect reciprocity with other States, and were successful:

Field, Gordon Stanley, Littleton.
Dunston, Clive William (col.), Portsmouth, Va.
Trent, John Andrew, Greensboro.

The war and the new prerequisite law which went into effect January 1, 1918, are accountable for the small number of candidates appearing for examination in 1918 and 1919.

The prospect is good for a much larger class in the June, 1920, examination, and we feel sure the number will increase from year to year.

Mr. F. W. Hancock of Oxford presented his commission from the Governor as a member of the Board of Pharmacy for a term of five years beginning April 28, 1919, and ending April 28, 1924. Attached thereto was the prescribed oath of office taken before the Clerk of the Superior Court of Granville County, North Carolina, and Mr. Hancock re-entered upon the duties of his office.

PROSECUTIONS

The Legislature of 1917 passed a bill entitled: An Act to prevent the sale, offering for sale, or advertising certain proprietary or patent medicines. The said bill made it unlawful for any person, firm, association, or corporation in the State, or any agent thereof, to sell or offer for sale any proprietary or patent medicine or remedy purporting to cure cancer, consumption, diabetes, paralysis, Bright's disease, or any other disease for which no cure has been found, or any mechanical device whose claims for the cure or treatment of disease are false or fradulent; and that it shall be unlawful for any person, firm, association, or corporation in the State, or any agent thereof, to publish in any manner, or by any means, or cause to be published, circulated, or in any way placed before the public any advertisement in a newspaper or other publications, or in the form of books, pamphlets, handbills, circulars, either printed or written, or by any drawing, map, print, tag, or by any other means whatsoever any advertisement of any kind or description, offering for sale or commending to the public any proprietary or patent medicine or remedy purporting to cure cancer, consumption, diabetes, paralysis, Bright's disease or any other disease for which no cure has been found, or any mechanical device for the treatment of disease, when the North Carolina Board of Health shall declare that such device is without value in the treatment of disease.

The said bill made it "the duty of all registered pharmacists to report immediately any violations of this act to the Secretary

of the Board of Pharmacy, and any wilful failure to make such report shall have the effect of revoking his license to practice pharmacy in this State."

The enforcement of this act was put under the management of the North Carolina Board of Pharmacy.

In November and December, 1919, the following advertisement appeared in the News and Observer:

> IMPORTANT: CANCERS, ULCERS, chronic sores cured. During fourteen years my work has proven a success and blessing to many sufferers. Mrs. J. L. Broughton, 308 South Dawson St., Raleigh.

This advertisement was brought to the attention of the State Board of Health, who wrote Mrs. Broughton in regard to it, but she continued to advertise as stated above. The Board of Health then called the attention of the Board of Pharmacy to the violation, and on January 14, 1920, a bill of indictment was brought against Mrs. J. L. Broughton in the City Court of Raleigh.

When the case came on for trial on January 22, 1920, on motion of the attorney for the defendant the case was nonsuited on the ground that the State had not proven that any proprietary or patent medicine or remedy had been advertised. We took an appeal to the Superior Court of Wake County, but before the case came up for trial in that court the husband of the defendant came to see your Secretary and stated that his wife had changed her advertisement and asked that we agree to dismiss the case upon her promise that she would not further advertise that she cured cancers. Upon advice of our attorney this course was pursued.

Your Secretary went to see the manager of the advertising department of the News and Observer and called his attention to this advertisement. He said it slipped in without his knowledge and assured us no such advertisement should again appear in this paper. All other violations were adjusted without recourse to the courts.

When we secured the services of Mr. Clement Byrd to do inspection work we hoped to be able to keep him permanently, or at least for a long time, but having found a business that paid him much better we could not blame him for accepting it. We have secured another young man to take up this work who will give most of his time to it and cover the entire State.

The Board agreed to recommend to the Association that the Pharmacy Law be amended as follows:

That Chapter 95 of the Revisal of 1905, relating to pharmacists be amended by striking out of said act the words: "has had at least nine months school attendance," and insert in lieu thereof the words, "is a graduate," so that the law as amended would read as follows:

That in order to become licensed as a pharmacist within the meaning of this act, an applicant shall be not less than twenty-one years of age, he shall present to the Board of Pharmacy satisfactory evidence that he has had four years experience in pharmacy under the instruction of a licensed pharmacist and that he is a graduate of a reputable school or college of pharmacy and he shall also pass a satisfactory examination of the Board of Pharmacy: Provided, however, that the actual time of attendance at a reputable school or college of pharmacy, not to exceed two years, may be deducted from the time of experience required.

That this act shall be in force from and after January 1, 1922.

The Board requested that if the said recommendation was adopted by the Association it be referred to the Legislative Committee with the request that they use their best efforts to see that it is enacted into law by the next regular session of the legislature.
